

**Free Landfill Day**  
**One Day Only – Saturday, April 30, 2022**  
**8 a.m. - 2 p.m.**  
**Salina Municipal Solid Waste Landfill**  
**4292 South Burma Road**

The City of Salina is pleased to announce free residential trash disposal for all Saline County residents at the Salina Municipal Solid Waste Landfill on Saturday, April 30 in conjunction with Spring Spruce-up. Customers must have a Saline County license plate on their vehicle for free disposal. Vehicles from other counties will be required to pay normal tipping fees. Commercial waste haulers will be given priority (standard rates apply).

Customers are encouraged to use caution at all times, follow staff instructions, obey all signs, stay on approved roadways and be prepared for delays, as a line is expected to form during this event and the number of customers will be limited at the disposal site and convenience area. Removal of any landfill property, including waste from other customers, is strictly prohibited.

Items not accepted at the landfill include automobiles, batteries, corrosive waste, explosives, flammable waste, hazardous waste, liquid waste (including paint), machinery, reactive waste, storage tanks, toxic waste, and vehicle or equipment wreckage.

Items accepted, but still subject to applicable tipping fees for all commercial and residential customers include brick, concrete, rock, other aggregates, commercial loads (including waste from residents that is anything other than normal household trash), Freon-containing items (Freon removal certification required), roofing & other construction materials, boats, sheds, trailers, tires, and waste requiring a Special Waste Permit from the KDHE.

Items like tree branches, brush, logs and stumps that are regularly accepted at no fee will still be accepted at no fee at the landfill's limb area.

A listing of fees may be viewed on the City's website at <http://www.salina-ks.gov/Landfill>. Please call the landfill for specific rates not listed.

The landfill will close promptly at 2 p.m. Customers will not be permitted entrance after closing, even if a line is still present. Normal business hours and fees will resume on Monday, May 2.

For any questions regarding this event, please call the landfill at (785) 826-7395.
